

## FELTON ROAD

Following on from the roaring success of the 2009 vintage we can now offer you the chance to secure stocks of the next vintage to be released. As you will see 2010 is set to be the 'next big thing'. With high demand and limited allocations please let us know your interest as soon as possible.

*"We are thrilled to follow the 2009 vintage with another set of stunning wines. The Chardonnays have depth with complexity and clear minerality, the Pinot's are textural, precise and showing great fruit structure. Again, it looks another fantastic benchmark vintage for Felton Road."*

*"It seemed to be that in London, whenever there is a tasting designed to challenge the supremacy of Burgundy, it is usually a Felton Road that is ushered into the ring, floats like butterfly and out-classes its bloated Old World champions."*
